

Potters Bar Bus Garage Open Day

Saturday 10th July 2010: 10am – 4pm

All proceeds go to charity

On Saturday 10th July 2010, local bus operator Metrolino opens the doors of its bus garage in Potters Bar High Street to local people, enabling them to see inside the premises from where over 120 buses are operated on local bus services.

The aim is to raise as much money as possible for charities, including those supporting Cancer Research and the British Heart Foundation.

Admission will be by programme, priced at £1.50, available on the day at the garage door.

This year's open day hopes to build on the success of last year's open day, which raised over £1000 for charities - the aim is to raise even more money this year.

Attractions will include a display of buses dating back to the 1950s & 1960s.

There will also be a variety of stalls selling transport memorabilia, together with a fund-raising raffle.

A selection of hot and cold food and drinks will also be available.

As last year, there will also be an opportunity to enjoy free rides on vintage buses around the town.

This will (subject to availability, and the weather!) include rides on Metrolino's open-top double-deck Routemaster bus which dates from 1961, and now 49 years old.

The event is being organised by the local garage manager Steve Bennett, supported by his team of supervisors and engineering staff.

So, if you fancy a day out with a difference, come along to the garage and support our fund-raising activities.

The nearest car park is nearby in Oakmere Park, but why not come by bus!
